Victory in Virginia
IN SIGHT !!

Since I wrote the last ROCKWELL REPORT, we have made fantastic progress toward our goal of legal POWER!

We needed 250 signatures to make the ballot.

Unbelievably, miraculously, we GOT ALMOST 1,500!

Had it been necessary, we could have gotten ten times that number. Five out of every ten registered voters we approached said they would vote for us, and another of the twelve SIGNED OUR PETITIONS!

Already, the prospect of a Nazi Governor of Virginia has the Communists and nigger agitators on the "horrors"!

Here's a clipping from the New York Jewish "Freiheit", mostly printed in Yiddish, and an OFFICIAL publication of the Communists in America!

Will Nazi Rockwell Be Free to Campaign For Gassing Jews?

RICHMOND, Va. — A Nazi may be on the ballot in the state of Virginia, mother of presidents, including the Father of His Country, George Washington.

George Lincoln Rockwell, leader of the American Nazi Pary, entered his name officially last month as a candidate for Governor of Virginia in the statewide elections to be held next November.

He filed a petition bearing more than 1,000 signatures, nominating him as the gubernatorial candidate on an independent ticket.

Needs Only 250

The state election law provides that 250 signatures by qualified voters are needed on such a petition.

Levin Nock Davis, secretary of the State Board of Elections, said he will check every name on the Rockwell petition, but added that it looked as though a sufficient number of qualified voters had put their names on the Rockwell nominating petition.

Rockwell did not list any other candidates on his ticket.

In addition to a gubernatorial candidate, the voters of this state must elect this year also a Lieutenant Governor and the State Attorney General.

State Requirements Contrasted

Liberal Virginians are checking into the possibility of fighting the so-called "right" of Rockwell to campaign around the state for the gassing of Jews and the deportation of Negroes to Africa.

Observers, noting the tolerant attitude of some state officials to Rockwell and his gang, contrast the easy electoral requirements in this state with those in Northern states.

In New York, for example, a minimum of 12,000 valid signatures are required, with at least 50 from each of the State's 62 counties, to get an independent candidate for Governor on the State ballot.

(When the Daily Worker office was padlocked, some years back, for tax delinquency, they never missed an issue--they simply stepped across the hall and the Freiheit printed the Worker!)

Our office is all set up in Richmond, and hundreds of Virginians are dropping by to volunteer their help. Even old Johnson himself is helping--by filing special "hate" suits against Virginia (and Alabama and Mississippi), which I reckon will give us an extra few thousand votes.

The other candidates, in the best traditions of modern American "chicken" politics, are all running like the rabbits they are whenever the race question comes up. On TV here the other day, I came out strongly for the WHITE race, and we were swamped with phone calls from all over and plenty of pledges of votes.

We passed our material out at a Birch meeting in Richmond, and got offers of help from many of them. Almost all of them wanted "boat tickets" and indicated strongly that Robert Welch ain't doing too well in his drive to get his members loving the Jews and coons.

The camper is nearing completion, as Lt. Ely and Frank Niles install platforms, PA systems and even a special, secret device I have planned which I believe is unprecedented in all political campaigning, and which will make our rallies so exciting I believe even a few liberals and nigger-lovers may forget themselves and wind up cheering.

Odis Cochran and his "Three Bigots" are on their way back up from Mississippi to sing "Ship Those Niggers Back" and other hit "Hatenanny" tunes at our rallies.

And everybody here is just RARIN' to GO!

An indication of which way the wind is blowing is the response to a local telephone-opinion show called "Cracker Barrel", in which the subject was my candidacy for Governor of Virginia.

PLENTY of citizens called in to whoop it up for us, believe it or not, and they wouldn't quit. The next day, when the subject was something else, they were STILL calling in. The Jews went "ape". I have a recording of some of their gutteral, alien voices, trying to sound cultured and American, but literally quaking with hate and horror!

Perhaps the most interesting development of all is the change in attitude of some local officials in Virginia. For years they have tried to treat me with calculated disrespect and disdain. Now they are calling me "Commander". Let's hope they'll soon have to say, "Governor"!

An Orgy of Treason

The Jew control of the press, TV, etc., is sometimes amazing and heartbreaking.

Last week, two of my boys, Bruce and Niles, managed to SMASH the daylights out of the treason and subversion orgy here in Washington, yet the only reports around the Nation were that "someone" had thrown some paint on a mob of filthy beatniks marching on behalf of the enemy in Vietnam!

What they didn't report was that young Niles, with incredible courage and nerve, managed to insinuate himself into the Commie crowd, not as a simple member or marcher--but as the BOSS. He told the scum he was the New York organizer, sent down to see that the treason and subversion was

PACIFISTS TANGLE WITH TRAIN

pulled off properly. When they asked for "credentials", he snorted and cursed them and damned them.

"If you are going to give me a hard time, I'll just go back and you can do the best you can yourselves!", he snapped.

They quickly knuckled under, being peace-creeps, so, believe it or not, Nazi Niles actually LED the rat parade. He led it straight to where other Nazis were waiting with red paint--and all the while Niles was howling "We Shall Overcome" at the head of the column of red creeps. I almost died laughing at the TV that night, when I saw good old Niles in all the TV shots, leading these filthy creeps!

At the appointed place, Niles and his Nazi comrades spun around and doused the TOP leaders of the pinko parade with red paint--face, shirts and all over! Then they raced up the steps and shouted "Sieg Heil! Rockwell can save America!", etc., etc., with solid TV coverage.

All of this, of course, was blacked out of the press, and the rats got all the lavish coverage, as usual. The few places where papers or TV mentioned us, we got all kinds of fan mail--which is why, of course, the Jews didn't want anybody to know what the Nazis had accomplished.

Out in California, these unspeakable un-Americans have actually been jumping on American troop trains to interfere with our fighting men in Vietnam!

Now let me ask readers to do some imagining!

Imagine it is 1943, and we are at war with Nazi Germany.

Now imagine that George Lincoln Rockwell led a pack of Nazi "protesters" in attacks on American troop transports in 1943, while American boys were fighting the Nazis.

Just how long do you think this kind of thing by ME would be tolerated? I would be LYNCHED!

Yet right at this moment, young American kids are DYING out there in Vietnam, and this pack of Red filth DARES to ATTACK--physically--our troop trains!

Not one Jewish group in America has protested this outrage. In fact, a large proportion of the attackers of our troop trains are JEWS--people like the California Red student leader, Bettina Aptheker.

And not only that, but what they are doing is the most ARROGANT kind of SEDITION--interference with the armed forces of the United States. These people can and should be sent to the penitentiary for the most serious kind of FELONY. They can legally be SHOT if they do not instantly halt on command of authorities. But they are not shot, they are not seized and thrown into prison or even put before Grand Juries for sedition. Instead, they are called "protesters" and patted on their little red fannies.

If I am elected Governor of Virginia, which looks more and more likely, I can guarantee that NOBODY will ever disgrace OUR state with such vile sedition and treason for more than a few moments. They'll be ordered to halt. Then, if they keep up their seditious attack, I will personally fire on them--to kill.

If our boys can be asked to die over there in Vietnam, I am willing to risk my life on Federal charges, whatecer they might bring, before I will see our lads dishonored and interfered with by such traitorous, filthy SCUM!

Crash Gets Closer

In spite of all the Jews can do to stop it, human nature is having its way, and people are trying to brace themselves for the economic catastrophe ahead.

Silver is disappearing as literally millions of Americans stash it away for some kind of protection against the stealing of all of the real money behind the paper printed by the Government (just as happened in Germany).

Gold is pouring out of the country, as foreigners are given the usual preference over U. S. citizens, who are not permitted to have gold.

Some patriots feel that the crash is close. I still do not. The Jews and Commies are not QUITE ready, yet.

I believe the Jews will go to the lengths of bringing back tons and tons of gold, if they have to, so that the economic catastrophe can be timed to come off just right, about 1970 or 1969, when they WILL be ready for Communist revolution and will want economic crash and ruin.

Mrs. M. L. Coon

The niggers never tire of "proving" that we're all biologically the same and "equal" by pointing out that Black and White can mate and produce offspring. For that reason, I have dreamed of the day when we can have a scientific laboratory where we can mate a gorilla with a low-type Negro, such

as an Australian aborigine. If we can produce offspring with a coon and an ape, the colored "brothers" will not be so anxious to preach equality just because the Lord sees fit to "bless" Black and White unions with unfortunate little mongrels.

Now I find that this experiment has already been made and, what's more amazing, has proved SUCCESSFUL!

From the American Encyclopedia, here is an actual photograph of such a miserable creature.

This half-ape "human" was born in Mexico where she was named "Julia Pastrana", wore clothes and became a Catholic. This evidence and photograph are in the possession of the London Anthropological Institute. This evidence, along with anything else tending to discredit the incredible biological lies now being peddled to "prove" equality, has been suppressed.

But there's no denying the photograph or the source.

I only wish the breeders of this horror had persevered and produced a whole flock of them and then forced the niggers to MIX with the results.

Results of Goldfinkism

If you sometimes wonder how our Congress CAN be so vile, and pass such evil "legislation", you might reflect that it might not have happened had rightwingers not been quite so anxious to blast us for exposing Barry Goldfink, and for predicting precisely what this faker would DO to America as our "leader".

Not only did he "lead" us to the worst catastrophe we have suffered in forty years, but he cleaned out of the Congress some of the fightingest, best and most American Congressmen we ever had--men who had long, long records of fighting the kind of garbage now being railroaded through Congress.

Here is a list of the staunch rightwingers swept out of Congress by Goldfink's "soak-the-poor" campaign. Had Wallace been the candidate, or had we had ANY kind of Christian candidate, instead of the "nice" Jew-boy, Goldfink, and had our candidate preached the TRUTH about the racial situation instead of naked reactionism, we would have won the election. Instead, we not only lost to Johnsonism--we lost the following hardcore Americans!

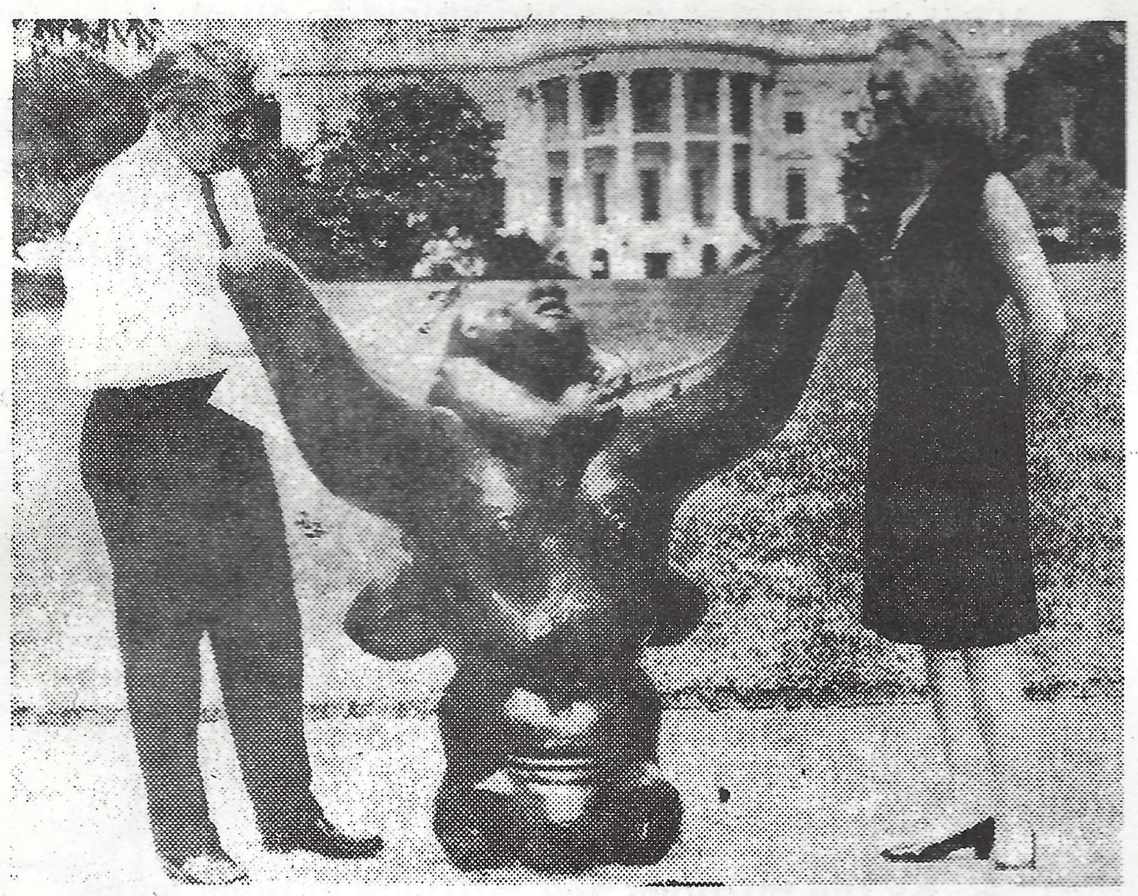
Jewish Culture

Here's a very revealing picture from the front page of the Washington Star of June 11, 1965.

It shows the President's "Special Consultant", Eric GOLDMAN, along with his assistant, Barbaralee DIAMONSTEIN, preparing a key piece of

"sculpture" for the great White House Festival of the "Arts".



ART FESTIVAL PREVIEW

Preparations for Monday's First Festival of American Arts at the White House find Dr. Eric Goldman, special consultant to the President, and his assistant, Barbaralee Diamonstein, examining the Jacques Lipchitz sculpture, Mother and Child, from the Philadelphia Museum of Art. —Star Staff Photo.

Examine this magnificent piece of "sculpture" carefully. It is entitled "Mother and Child". It appears that poor "Mother" has had some serious anatomical difficulties, and, in fact, upon careful examination of this atrocity, I find it hard to see how "she" or "it" ever BECAME a "mother". I've had some pretty rough "blind dates", but never ran into anything like THIS! And the "Child"! But with a "Mother" like that, what can we expect?

The author of this "sculpture" is Jacques LIPCHITZ!

What a surprise!

So The Jews Ain't A Race?

One of the most brilliant women I have ever met in my life--a lady who has performed the miracle of being able to think like a man and yet remain as feminine a person as I ever met--has caught the Hebrews red-handed (as the very apt saying goes) at admitting they are a RACE--not a religion as they love to pretend.

Here, from the Saturday Evening Post, published by the Jewish Zimbalist family, is a clip from an article about the "Tay-Sachs" disease.

Note that the statistics show that a HUGE proportion of JEWS carry and/or get this "Tay-Sachs" disease, while it is extremely rare among non-Jews.

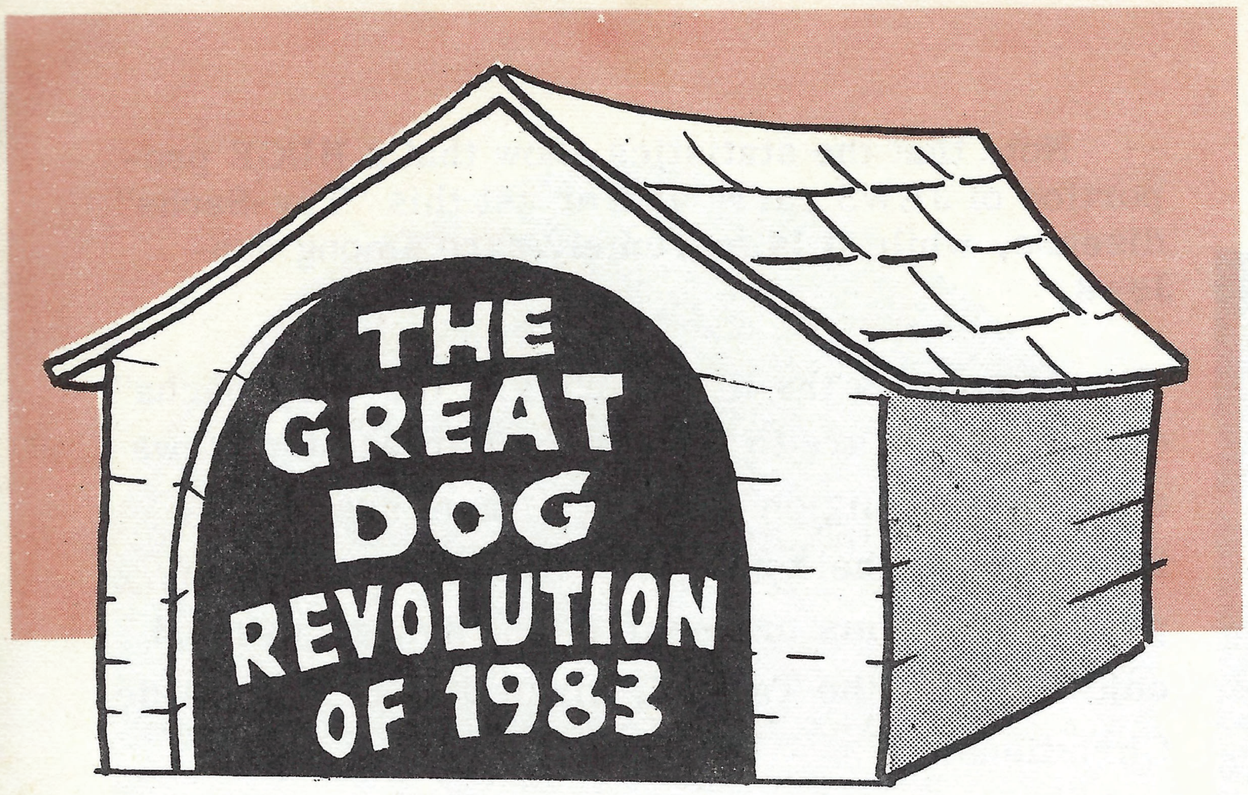
Apparently the little germs of the "Tay-Sachs" disease (if we are to believe the garbage that Jews are only a "religion" and not a race) are pretty finicky about their religious preference. These particular germs prefer to attend synagogues and enjoy reading the Talmud, since they rarely invade Christians.

Be interesting to hear the Jews (and Liz Dilling) explain THIS bit of scientific proof that there is something biologically DIFFERENT about kikes, and that they are NOT just a "religious group", as both the Jews and Elizabeth Dilling never tire of preaching.

(I once pointed out to Liz that I have seen little Jew babies, new-born in the hospital, and they look like JEWS--beak and all. I asked her how they got to look like such ugly little Jews, without any religion at all. She replied that they developed their "Jewy" look because the mother was thinking Jewy thoughts, and this gave them the long noses and kike appearance.)

One of the most puzzling aspects of Tay-Sachs is its genetic distribution. Although many non-Jewish persons carry the gene, the disease appears primarily among Jewish people of eastern European origin. Even more mysterious is the fact that most of those affected in the United States have ancestors who, like Ray's and Ruth's, came from the provinces of Grodno, Suwalki and Kovno, along the former Lithuanian-Polish-Russian borders. There are an estimated half-million carriers of the gene in the United States, and among New York City's Jews about one in every 28 is a carrier, the highest rate in the world. Ten to 15 of the city's children develop the disease every year—about 10 percent of the estimated national total.

[illegible] one is sure just how the def-



By 1973, liberals had completely won all positions of power in the United States, and the Negroes were pronounced free, "Thank God Almighty, Free at Last!"

The liberals, immensely frustrated without any down-trodden creatures to "free" and "liberate", began to turn their attention to man's best friend, the dog.

Hubert Humphrey made a rousing speech in New York City advocating liberation of dogs, and millions of liberals took up the battle cry.

The American Kennel Club officials were all beheaded (non-violently) for contributing to racial hatred by insisting that there was such a thing as "breed" in a dog, and that some dogs were "pure bred" and therefore "better" than mongrel dogs. All well-bred dogs were forced, by orders of the Supreme Court, to mix with mongrels and curs, so that there were soon no Poodles, no Chows, no Airedales, no German Shepherds, no Weimaraners, no Spaniels--just mongrels.

"By what RIGHT", demanded Humphrey, stamping his foot with hands on his hips, "by what RIGHT do these fascist reactionaries presume to OWN a dog? Is a dog not born FREE? Is a dog not EQUAL? We must help these down-trodden animals to RISE UP and overthrow the human power structure! I hereby declare the DOG REVOLUTION and will not rest until the dogs are FREE, FREE AT LAST of the chains and muzzles and discriminations of SLAVERY!"

Straightaway, liberals all over the world began to help dogs to register to vote. Previously, there had been a law requiring dogs to make a paw print on the registration forms to vote. Now Federal registrars were sent into reactionary, dog-hating areas to register dogs too stupid to climb up on the desk and make a paw print. The Federal bosses were provided with artificial, rubber paw which they affixed to the voting form. They were also empowered, by Executive White House Order No. 32463-B9(a) to bark for those dogs unable to respond to the proper oath.

The liberals decreed that the dogs could not be disciplined or interfered with, since that would have been "hate" and "discrimination", and so quite a few kids were attacked and eaten by packs of "Freedom Dogs" engaged in non-violent protest against the outrages of the dog-haters, who claimed dogs had been happier when they BELONGED to somebody and had somebody to care for them and love them, like dogs need and like.

As the millions and millions of dogs were freed from the chains and discriminations of dog-haters who had held them in bondage and captivity, the dogs began to enjoy their newly-won freedom by holding non-violent riots in various cities against "de facto" discrimination. Some humans were objecting to their daughters dating dogs, and this indignity, coupled with the difficulty for dogs in finding highly paying executive jobs, led to their severe frustration. The result was some of the worst dog riots seen in this country for many a year.

Upon the next vote, it was discovered that a Saint Bernard had been elected Vice President of the United States, and the name of the White House, in courtesy, was officially changed to the "Dog House". (At the request of the Negroes, who marched on Washington with Molotov cocktails and atom bombs in a non-violent protest, the name had ALREADY been changed from "White House" to Black House, so that many people and all the dogs were pleased when the name was changed to "Dog House".)

Some dogs tried to return to their old masters, but these were called "Uncle Fidos" by the Freedom Dogs, who said such cringing loyalty to a "master" was beneath their dogly dignity.

As more and more dogs began to be elected to Congress and be appointed as Federal Bureaucrats, the halls of Congress became so clogged with bones and various favorite chewing objects of the canine Congressmen that special attendants had to be hired to clean up the floors and get rid of rotting bones and meat, etc. Hydrants had to be installed all over the floors of Congress for the dogs elected from liberal constituencies.

Finally some liberal realized that CATS had been discriminated against, and the whole performance was repeated until at last a cat was elected to Congress.

That did it.

After a special session of Congress, in which most of the members took off in a howling pack after the cat member from Minnesota, there was a sudden change in the liberals.

One morning, in Washington, a pile of dead dogs was found outside of Hubert Humphrey's home, which had been so clogged with dogs, of MIXED breeds, that Humphrey and his mixed family had moved out into an ancient dog house in the yard.

Apparently, that gave the signal to the liberals, because on the following days, there was a slaughter of the "Freedom Dogs" by liberals which surpassed, in brutality and bloodiness, any of the atrocities of the dog-haters, who had, at one time, been reported to have gassed six million innocent dogs.

The rest of the dogs, the old-fashioned dogs with no pretensions to "dogly dig-ni-tee", returned to their old masters, and both dogs and men were once again happy with each other in the proper relationship.

MORAL: Nobody in his right mind would "hate" dogs, but only insane persons would insist that dogs are happier "free" of human control.

Closed-circuit TV cameras covering points of entry, elevators, laundry rooms, garage facilities and other areas will protect apartment owners and their guests in the new Watergate development. All cameras will be monitored in a control center. Two-way radio, tied in with the telephone system, will provide instant communication among building guards, the secretarial service, and all apartments. The security system is one of many modern touches designed to provide Watergate owners with the ultimate in luxurious contemporary living.

D.C. Jail?

Here's an ad for a new apartment building in Washington, D. C., your Nation's Capital.

Note that the chief attraction is not the swimming pool, the wall-to-wall carpeting or any other kind of luxury--but the GUARDS, the LOCKS, the closed-circuit TV for spotting "INTRUDERS", the SECURITY!

They have a "control center" to monitor all exits and entrances, instant communications between "building guards", etc., etc.--all the earmarks, not of an apartment house, but a PRISON!

Decent White people, especially women, in Washington, D. C. have become PRISONERS, with guards, towers, electronic "watchers", and all

the rest! And all this in the name of "love" and "brotherhood". In the name of sanity, WHAT "love"? WHAT "brotherhood"?

And now Martin Luther Coon threatens an ultimatum: either we turn ALL of D.C. over to the jigs, or he marches!

How The Jews Love Christians

Here is a clipping from the March 11, 1965 issue of the Jew American Examiner newspaper.

I have reprinted it, not because it mentions us, but because it reveals, apparently accidentally, the true extent of the fantastic hatred which burns hot in the hearts of most Jews for Christians, no matter how much they pretend "brotherly love", "tolerance", etc.

The article actually reveals that the Jews SPIT THREE TIMES whenever they pass a Christian church!

Think of it! What would happen if I advocated that Christians should spit three times every time they pass a synagogue?

Just one more of the FACTS proving the secret war these Jews wage against White, Western, Christian civilization, all the time telling their victims they dearly "love" them, and demanding that the Christians do everything but worship the Jews.

In fact, they do that too. They insist that Jesus was a Jew and therefore we are worshipping the Jews if we are Christians!

Soviets 'Tolerate' Anti-Semitism

By S. J. GOLDSMITH

LONDON—

Let us make it clear, in fairness to the Soviet authorities, that Soviet anti-Semites are handicapped. They cannot come out and attack the Jews openly, as British, American or French anti-Semites do. This is not the way things happen in Soviet Russia. The Soviet anti-Semites are reduced to subterfuge; to using names which sound Jewish in order to make insinuations against Jews as a group. They run grave risks, too. For names are sometimes a very unreliable guide.

Only the other day, a chap called Cohen, a world-famous footballer, the left back of the current English national soccer team, told reporters that he was not Jewish. A man called Levy is a congregational minister and does not know of any Jewish ancestors. On the other hand, a devout Christian with a non-Jewish name, for half a century a member of the Orthodox Church, once said that it was not at all bad to be a Goy; the only trouble is, he cannot overcome his childhood habit of spitting three times whenever he passes a church. So you see how difficult it is to operate by names alone.

This is, of course, offset by the handicap under which Jews labor in Soviet Russia. They cannot counter-attack the anti-Semites, as British, American and French Jews do, since the anti-Semites are not supposed to exist. Colin Jordan was nearly lynched in London's Trafalgar Square — by Jews and Negroes—but Kitchko does not try to address meetings in Red Square in Moscow. Nor does he try to visit Argentina and contact local Fascists, as Lincoln Rockwell did.

All you could possibly do in Russia against Kitchko is to try and rebut his idiotic, pseudo-scientific theories about the Jews and ridicule his Streicher-type publications—if you had the paper and the printer's ink and the rest of the paraphernalia required for writen polemics, which the Jews have not. To be sure—and fair—he was admonished by non-Jews. The Jews remained silent spectators, as if the whole thing went on in Ruritania.

How do the Soviet anti-Semites operate by names? Here are some examples, which require little comment, first one or two points to sketch in the background.

of their own, for which the Jews and Commies hate them.

The other side, which seems to have the ascendancy right now, is the pro-Jewish, Communist race-MIXING side.

Their own paper, "Muhammad Speaks", contains rabid propaganda on BOTH sides. If niggers could actually think, they would laugh at their paper for the way it attacks ITSELF, like a scorpion stinging its own head.

One of their correspondents, a Charles Howard, comes on like a tiger with the straight Communist Party line, demanding full MIXING.

But Elijah Muhammad himself is 100% around the other way, and goes along with us that the only solution to the race problem is SEPARATION.

Not only that, but the whole front page of a recent issue of "Muhammad Speaks" had, for a cover illustration, a perfectly BEAUTIFUL picture by a nigger artist named "Majied". Representative Rankin, Senator Bilbo, George Wallace and old Gene Talmadge himself, along with Adolf Hitler, would have to agree with me that this is one of the prettiest and most inspiring pictures ever made by an artist.

It shows a boatload of niggers leaving the dock for AFRICA (represented by a little palm tree-covered land on the horizon, labeled "Our Own People"), while a whole army of segregationist White men and police officers are falling upon a herd of race-mixing jigs on the dock. One police dog even has one of the nigger agitators down and appears to be making a meal of him.

Inside the same paper are dozens of articles scorning the "Back to Africa" movement and demanding just about ALL of OUR U.S.A.

Only niggers could publish such a cockeyed paper with straight faces.

Correspondence Backlog

When you receive this issue of the Rockwell Report, I will be stomping the State of Virginia speaking three and maybe four times a day, plus all the other things involved in a major fight for election on November 2 as Governor of Virginia.

I feel that all the dedicated people who are helping in this huge effort will understand that it is impossible for me, under these circumstances, to answer all mail, as I have been trying to do, even as the incoming mail has grown steadily larger and more difficult to answer.

I can no longer answer every single letter personally, as I truly would like to do.

I supported Gerald Smith and other rightwing leaders for years, and know what a frustrating feeling it is to keep helping and writing--and hear NOTHING.

I truly do my best to reply personally to all those willing to help us or who have sincere questions, etc.

But for the next few months, it will be simply, physically impossible for me to answer all letters and acknowledge all contributions personally and properly as I try to do.

I am confident our kind of people, the people who have had the courage and the wisdom to see what is happening to our race and nation and do something about it, also have the understanding not to be offended or to feel "neglected" if they do not get personal responses from me for the next few months.

We need every bit of help we can get, and are grateful for every single last penny contributed and every bit of work or help all over the country. When the campaign is over, I can pledge decent letters to all who have helped.

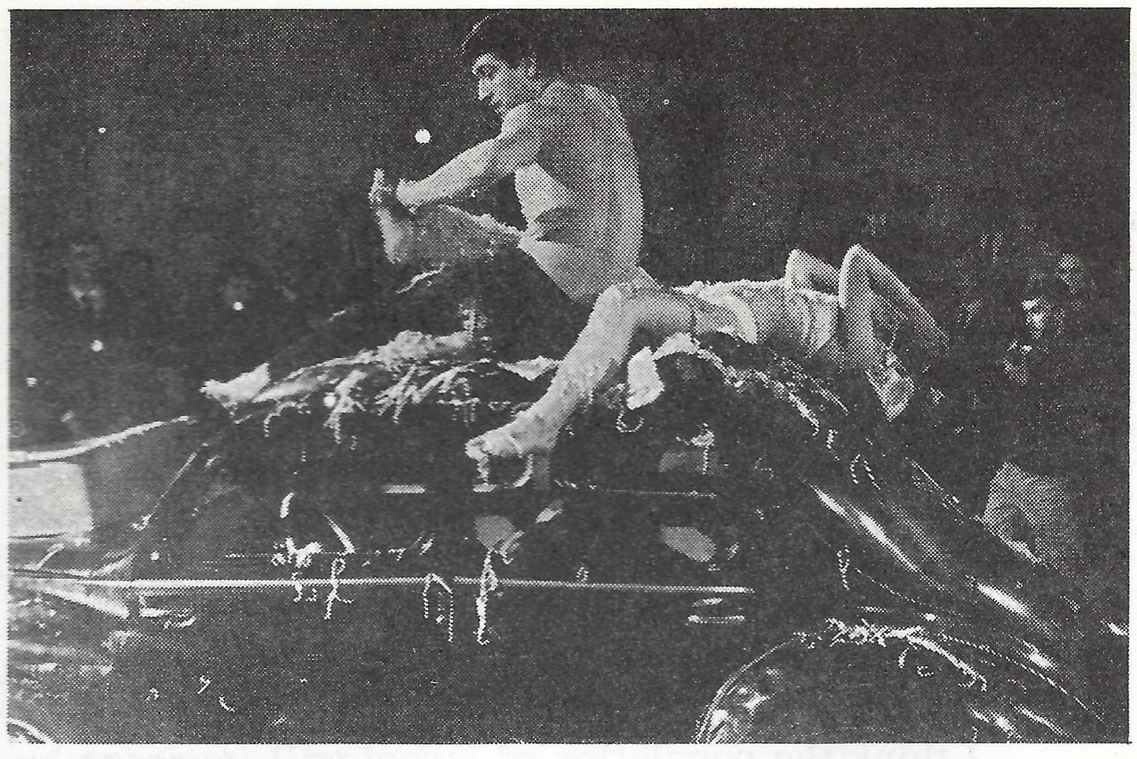
Until then, please forgive delays in correspondence or lack of personal response.

"ENDSVILLE"!

While I am still systematically excluded from any national TV "round-table" shows, I continue to see the jig "playwright", Le Roi Jones, author of the filthy "The Toilet", etc., paraded on one "round-table" show after the other as a serious intellectual and "liberal".

But that should be little wonder, when TIME magazine and our modern "intellectuals" give notice to and seriously consider as "drama" the unbelievably insane and filthy outbursts of a Jew named "Lebel".

If you have any last doubts of the insanity of our times--and of "Time"--just read the factual account they printed of this latest hebe masterpiece of "drama".



TOTAL THEATER IN MONTPARNASSE
Love in a burlap bag and a shaved groin.

FRANCE
The Happening

First they assassinated the Renault, brutally sacrificing it with ax and pitchfork. Then a girl in a white brassière and red bikini climbed onto the car's crushed roof, where a scrawny youth massaged her with wads of spaghetti. The girl plucked pasta from her shining body and flipped it at the audience; the audience ate it up.

After all, it was a "happening," and it was happening to them in Paris—just as it had earlier that night when two girls dressed in cabbage leaves whacked onlookers' heads with badminton rackets, or when the motorcycle charged through the hall like a bull at Pamplona, or when they watched the crucified chicken flopping on the stage until it ran dry of blood.

Past Flings. "They're supposed to be opening the curtain on the horrors of our modern world," explained David Davis, 50, director of the American Students and Artists Center in Montparnasse, where the happening was happening. Wearily adjusting his spectacles, he added: "I don't get it." Davis' quandary was the price he paid last week for permitting "the Second Festival of Free Expression" to hold forth in his tidy Montparnasse youth center. During eight days of happenings, readings, screenings and "total theater," the quandary quotient rose steadily.

Organized by a bearded Franco-American collagist, Jean-Jacques Lebel, 28, the festival drew the violent participation of some 60 Montparnasse artists and their friends. Among the 2,000 onlookers were many of the old surrealists, Dadaists and other proponents of artistic anarchy, (as well as Painter Marcel Duchamp and Philosopher Jean Wahl, who introduced Heidegger to Sartre). To them, the whole show must have seemed a remembrance of flings past.

New Revolution. At the penultimate performance, an outfit called *Le Groupe Panique* smashed a huge plaster reproduction of Rodin's *Thinker* into smithereens, spilling torrents of black ink out of plastic bags. Then, while a girl twisted the arms, legs and heads from plastic dolls, another girl stood by beatifically as a grave-faced artist shaved her groin. Later, Beat Poet Lawrence Ferlinghetti intoned his latest work while a naked couple made love vertically in a burlap bag, black light playing on their shoulders. "I should stop it," moaned Director Davis, "but if I do, there will be 28 times the scandal there already is."

Scandal? Not in the eyes of Organizer Lebel, who pronounced the festival a smashing success. "Everybody dreams of doing all the things we've done," he explained as the festival closed. "Our generation is inventing a new meaning for revolution, a new state of mind based on an enlarged understanding of what freedom means. We're in debt now—$600 at least for all the things we broke—and it may sound naive and crazy, but we're proud as hell of having this debt to pay. If we could get $1,000 together, we could rent a garage next year and really have a happening that could say things. A real happening without all these restrictions."

Jewish Love

Here is a clipping from the Zionist Jew rag , The National Jew Post and Opinion.

The many subscribers to the Rockwell Report who have struggled with me through so many years of misery, discouragement and frustration should enjoy this piece especially.

My getting on the ballot here in Virginia with more than six times the number of required signa-

tures, has REALLY got the Hebes "shook up".

How delicious to imagine the front pages of these Jew rags the next issue after this November 2!

Win or lose, we will show these Jew rats that the good White, Christian people of America are fed up to the ears with their damnable Communism, Zionism and race-mixing.

And if I make it, if I am elected Governor, in spite of all they are trying to discredit and lie about our cause, can you IMAGINE their utter HORROR?!

I think the population of Israel will increase by some pretty high emigration from the U.S.A. starting November 3!

Rockwell On Ballot In Virginia

RICHMOND, Va. — The promise made by George Lincoln Rockwell, leader of the American Nazi Party, that he would have the last laugh when he was elected governor of Virginia, now at least has a slim chance of coming true.

The American Nazi Party leader has filed a 1000-name petition with the State Board of Election at Richmond, Va., 750 more than are required to have a candidate listed on the ballot.

The Republican and Democratic Party and the newly-formed Conservative party also filed lists of candidates.

Jews Are Still Different as a Group

American Jews, who have generally come to be seen as resembling everybody else, are in reality still quite different as a group in many ways, and still attached in large degree to such traditional Jewish values as social justice, respect for knowledge, concern for culture.

Milton Himmelfarb, a contributing editor of Commentary magazine, winds that Jews, as a group, do not generally fall in line within the normal curves of distribution on many public issues. Nor, he says, do they behave predictably as a social or economic group. For example, Jews have a low proportion of manual workers and, like the Congregationalists, might be expected to be antagonistic to guaranteed economic security. But according to various surveyys, they are "as high in suport for guaranteed security as Catholics and Baptists" who have a high proportion of manual workers.

Jewish businessmen tend to step and are more likely than not to vote along liberal lines. Jewish voters generally seem to be more hostile to the right winig than any other group. Mr. Himmelfarb cites many examples to show significant differences in the Jewish political orientation — more votes proportionately for Kennedy than any other group including the white group; more enthusiastic Catholics; more votes against Governor Wallace than any other support for Governor Stevenson than any other body of Americans.

The call of social justice often appears to attract proportionately more Jews than other groups. "In 1964," Mr. Himmelfarb writes, "half or more of the white men and women who went down to Mississippi to work with the Negroes and risk their lives were Jews . . . proportionately more rabbis have gone South and have been jailed or beaten than any other white clergymen."

In further support of this point, Mr. Himmelfarb mentions the Jews of Kansas City and Detroit, who in referenda on open occupancy housing ,to benefit Negroes) "have voted for it in huge disproportion to other wites." Similarly in California, during the last election, "two-thirds of all the votes Negro constitutional amendment were for Proposition 14, an antion housing; but two-thirds of the Jewish votes were against it."

Even within the narower framework of minority groups, Jews exhibit a marked tendency to be different. Governor Wallacce and Senator Goldwater, Mr. Himmel-

Arrogant Jews

Because the Christians are so unbelievably docile and easy-going, the arrogance of the Jews in publishing their own guilt in their own papers knows no bounds.

Here are two articles from the Jew York Jew "Examiner". The first one, entitled "Jews Are Still Different as a Group", hardly requires comment. This we know. But in the article, observe especially how they BOAST that they stick together and vote as a BLOC.

There is one section of the article which is, apparently, all bollixed up, typographically. But when you unscramble it the only possible way, it

comes out, "More Jews voted for Kennedy, proportionately, than any other group; the Jewish vote for Kennedy was even heavier than the Catholic vote for Kennedy; the Jews supplied more votes against Wallace than any other group and more support for Adlai Stevenson than any other body of Americans",

Would to God OUR people would "get the message" and stick together by RACE, instead of dividing up as Democrats, Republicans, Yankees, Rebels, Catholics, etc.

The other clipping, also from the Jew "Examiner", (Below), admits that "almost every Jew in New Orleans is for integration". Again, that's no news. But it's amazing the way the kikes brazenly set these facts forth in their own papers, absolutely confident that our brain-washed, drowzy American Christians will never bother to READ one of these devilish Jew papers, but will listen only to the Jewish TV about how evil the "Nazis" are, etc.

Fat Faker Churchill

A while back, in the ROCKWELL REPORT, we printed an excerpt from Byron's "Age of Bronze", which proved that Churchill's famous "blood, sweat and tears" phrase was STOLEN from Byron.

Now here comes the proof from some Jew Churchill-worshippers that the old, fat, whisky-soaked faker ALSO stole the phrase for which he is most famous--and stole it from a great man he helped drive to his death, Paul Joseph Goebbels.

Here's a photo of part of an article in the Jew paper, "American Examiner". Check for yourself.

Germany's Hand Must Stay Off Nuclear Trigger, Writer Warns

By JOHANNES STEEL
Former Foreign Correspondent and National Syndicated Columnist

Mr. Steel was a noted war correspondent during World War II and for a number of years thereafter was the author of a widely read syndicated column.—Editor.

Twenty years ago this month, it became apparent that the military collapse of a disintegrating Germany was merely a matter of a few weeks.

V.E. Day was to be on May 8, 1945.

The long nightmare was about to come to an end.

Fo rsome, the war had lasted since December 7, 1941; for many others the great horror had begun on January 1, 1933.

At at any rate the Third German Reich (and let there be no nonsense about it; it was the German Reich and not the Nazi Reich. Nazi—short for National and Socialist—was merely an adjective used to describe a normal phase of German history) was about to come to an end.

Above the Wagnerian crescendo of Hilter's **Gotterdaemmerung** there could be heard the falsetto screech of Dr. Joseph Goebbels' last few broadcast prophecies "Germany will rise again; America will rebuild her and rearm her. America will learn that only we Germans can stop the Bolshevik and Jewish hordes now sweeping into Europe from the east. Only Germany with the help of the United States can lift the Iron Curtain (it was Goebbels and not Churchill who first coined the pharsé) now being lowered over half of Europe."

What about the Jewish community in New Orleans, which numbers some 10,00 persons and its role in the social revolution of our times?

Of the first four hotels to desegregate, it is certainly relevant that the leader was Jewish-owned. Also, the head of the Public Libray, a Jewish liberal intelelctual with a midwest twang, a son at Harvad, and a mezzuzah on his door, is an outspoken fighter against censorship, and must certainly be counted as among the partisans of progress in race relations.

I don't know how typical this experience was, but in shopping for a Fench New Orleans doll for my daughter, I walked into a gift shop and soon became engaged in conversation with the propietress. She told me that she used to carry a large selection of the Negro "mammy" dolls but no longer does because she learned that Negroes find it offensive, and she said, "Since I'm Jewish, I'm very concerned about what hurts other people." She later told me that in her opinion practically all of the Jews of New Orleans were for integration.
